THE BELIEVER AND SIN

1 John 1:5-2:2

Because of God's character and His work of salvation,
He has changed the believer's relationship to sin.

I. Believers do not continue in sin, and He cleanses from sin (1:5-7)

II. Believers do confess their sins, and He forgives their sins (1:8-10)

III. Believers are able to not sin, and when they do sin Jesus is a satisfactory sacrifice in their place (2:1-2)
